

Jakub Aniszewski

Software Engineer

Hello! My name is Kuba Aniszewski. Based in Wroclaw, Poland 🇵🇱. I am Software Engineer with 2+ years of experience (in testing). Currently I work as a Software Engineer in Test. In my free time, I work on side projects and learn more about web development.

Work Experience

Software Engineer in Test

Nov 2022 - Present

Project for Renesas Electronics focused on testing Bluetooth Low Energy SDK. Automation of tests cases with **Robot Framework** and **Python**.

Software Engineer in Test

Jul 2021 - Oct 2022

Hands-on experience in 5G BTS software testing, in the security domain. I used **Python**, **Robot Framework**, and **Selenium** to automate tests and reported bugs with JIRA. Proficient in **Linux**, I played a key role in the CI/CD processes. I also maintained regression tests for the team. Additionally, I led the development of a web application using **Python**, **Django**, **React**, and **Docker**. This project boosted our team's productivity by about 60%.

Python Working Student

Jan 2020 - Jun 2021

Projects

LinkVerse

July 2023

[Visit LinkVerse!](#)

An app made with **SvelteKit** that puts all your profiles and content into one shareable link. Utilizes **Firebase** for real-time data and authentication. Features customizable profiles and a interface.

Streamer Spotlight

June 2023

[Visit Streamer Spotlight!](#)

A web app for rating streamers, built with **NestJS** and **MongoDB** on the backend and **React** on the frontend. Features include streamer bios, platform info, content descriptions, and a like/dislike system.

Personal Portfolio & Blog

August 2023

[Visit aniszewski.dev!](#)

A simple website which shows achievements, projects, and skills. It's made with **Astro** and includes a blog for industry tips. **Tailwind CSS** ensures intuitive design and navigation.
