

Jakub Aniszewski

Software Engineer

Hello! My name is Kuba Aniszewski. Based in Wroclaw, Poland 🇵🇱. I am Software Engineer with 2+ years of experience (primarily in testing). Currently I work as a Software Engineer in Test. In my free time, I focus on side projects and enjoy furthering my expertise in web development technologies.

Work Experience

Software Engineer in Test

Nov 2022 - Present

Project for Renesas Electronics focused on testing Bluetooth Low Energy SDK. Automation of tests cases with **Robot Framework** and **Python**.

Software Engineer in Test

Jul 2021 - Oct 2022

Hands-on experience in 5G BTS software testing, specifically in the security domain. I utilized **Python**, **Robot Framework**, and Selenium for test automation and actively reported bugs using JIRA. Proficient in **Linux**, I played a key role in the CI/CD processes. Additionally, I maintained regression tests and spearheaded the development of a web application for the test team using **Python**, **Django**, **React**, and **Docker**.

Python Working Student

Jan 2020 - Jun 2021

Projects

LinkVerse

July 2023

[Visit LinkVerse!](#)

A **SvelteKit**-powered link-aggregation app that centralizes profiles and content in a single shareable link. Utilizes **Firebase** for real-time data and authentication. Features customizable profiles and a user-friendly interface.

Streamer Spotlight

June 2023

[Visit Streamer Spotlight!](#)

Streamer-rating web app using **NestJS**, **MongoDB**, and **TypeORM** for backend, and **React** for frontend. Features include streamer bios, platform info, content descriptions, and a like/dislike system.

Personal Portfolio & Blog

August 2023

[Visit aniszewski.dev!](#)

Astro static site featuring achievements, projects, and skills, with a blog section for industry insights. **Tailwind CSS** ensures intuitive design and user-friendly navigation.
