Jakub Aniszewski

Software Engineer

Hello! My name is Kuba Aniszewski. Based in Wroclaw, Poland 🇵🇱.
I am Software Engineer with 2+ years of experience (primarily in testing). Currently I work as a Software Engineer in Test. My interests primarily revolve around web development technologies. I hold a Master's degree in Computer Science from Wrocław University of Technology.

Work Experience

tietoevry
Software Engineer in Test
Nov 2022 - Present

Project for Renesas Electronics focused on testing Bluetooth Low Energy SDK. Automation of tests cases with **Robot Framework** and **Python**.

NOKIA
Software Engineer in Test
Jul 2021 - Oct 2022

Python Working Student
Jan 2020 - Jun 2021

Hands-on experience in 5G BTS software testing, specifically in the security domain. I utilized **Python**, **Robot Framework**, and Selenium for test automation and actively reported bugs using JIRA. Proficient in **Linux**, I played a key role in the CI/CD processes. Additionally, I maintained regression tests and spearheaded the development of a web application for the test team using **Python**, **Django**, **React**, and **Docker**.

Projects

LinkVerse
July 2023

A dynamic link-aggregation web app, designed to centralize user profiles and content in one shareable link. Leveraged the power of SvelteKit for frontend development and Firebase for real-time data management and authentication. Key features include customizable profiles and user-friendly design interface.

Streamer Spotlight
June 2023

Developed a web application enabling users to explore and rate streamer profiles. Utilized **NestJS** for the backend, paired with **MongoDB** and **TypeORM**. The frontend is crafted using **React**, offering features such as browsing streamer bios, platforms, content descriptions, and an interactive like/dislike system.

Personal Portfolio & Blog
August 2023

Static website built with **Astro** and **Tailwind CSS**. The site showcases my achievements, projects, and skills, complemented by a dedicated blog section for sharing insights and industry perspectives. The intuitive design ensures easy navigation and a user-friendly experience for all visitors.

Education

- **Master's Degree at Wroclaw University of Technology**
  2021 - 2023
- **Bachelor's Degree at Wroclaw University of Technology**
  2017 - 2021
- **Computer Science Technical School**
  2013 - 2017

Skills

Python

TypeScript

React
